## TEACHER TRAINING VINYASA FLOW 250 HR – INTENSIVE 14 DAYS

### Grading System

The program is pass/fail. Satisfactory Progress (whether the student passes or fails the program) is based on completion and participation in all assignments, tests, observations and performance evaluations given during the course of the live training, and the correspondence components.

- **Satisfactory Progress:** Satisfactory progress is defined as actively participating in the intensives. The trainee's activities are regularly assessed throughout the Course, using at least three different assessment tools – such as performance, verbal and written checklists. In the event that a student does not achieve the established criteria for determining satisfactory progress, the student will be notified and given the opportunity to establish these criteria via the means of “**Mandatory Requirements**”. Provision made for him/her to further study or practice and a reassessment is undertaken, within the timeframe of the course. The student cannot pass the intensive until he/she meets the requirements to receive the Certification.
- **Unsatisfactory Progress:** Students struggling to keep up with the face to face training and correspondence course components. In the event that the student is unable to make the satisfactory progress outlined in “**Mandatory Requirements**” after three attempts, the student will be released from the program. Students unable to complete their practice log will also be released from the program.
